

LIGHT PUMP 2

The Lightest Outdoor Air Pump

OVERVIEW

At present, LIGHT PUMP2 is the most light product of Flextail Technology Co., air pump series. Comparing with the last generation product, it has IPX7 waterproof feature, and it is more suitable for outdoor activities.

For current famous air mattress brands, LIGHT PUMP2 can be adapted to these inflatable interface. Such as T-A-R/ SEA TO SUMMIT/ JR GEAR/KLYMIT.

FEATURES

1. Ultra Light Weight

Comparing with MAX PUMP series, LIGHT PUMP2 is subject to outdoor enthusiasts, just has 70g. its weight is half the weight of MAX PUMP, which is more suitable for high intensity outdoor trekking.

LIGHT PUMP2 can meet traveller's requirement for air inflating without extra weight.

2. Dealing With Harsh Environment

The new generation LIGHT PUMP2 has IPX7 waterproof function, it work well under the raining environment.

LIGHT PUMP2 take use of ABS engineer injection molding, which ensure that it can work well below minus17 degrees. LIGHT PUMP2 can overcome all challenges.

3. Higher Efficiency

Taking use of fourth generation digital motor. At the same voltage condition, the pressure of air inflation has increased 20%.

Air Nozzles Use

Large-caliber air nozzle Leisure household air bed, inflatable degree 80%.

Rubber air nozzle Outdoor air mattress, inflatable degree 98%.

Air deflation Outdoor air mattress

Sharp air nozzle Swimming ring and inflate toys

SPECIFICATION

INDICATORS	DESCRIPTIONS
DIMENSIONS (L×W×H)	51.5*58*77 mm
WEIGHT	70 g
POWER	Power bank
MAIN MATERIAL	ABS
INPUT	5.0V ~ 0.5A
AIR CYLINDER DIAMETER	51 mm
RATED INFLATION PRESSURE	0.88kPa
NO-LOAD CURRENT	~3W
FLOW	75 L/min
WATERPROOF LEVEL	IPx7

COMPARISON

	 Hand - operated PUMP	 Vehicle mounted PUMP	 Rechargeable batteries PUMP	 LIGHT PUMP2
Volume	Big	Middle	Huge	Tiny
Weight	680 g	500 g	1200 g	70 g
Waterproof	No	No	No	Yes

ACCESSORIES

(LIGHT PUMP2 / NOZZLES / USB CABLE / STORAGE BAG)
