

motor pressure water pump

Apply for: Micro-food-grade high temperature DC self-priming pumps, used in coffee machines, drinking water machine, water purifiers, electric teapots and other products.

| | |
|-----------------------------|---|
| Model | AW61 |
| Material | Food grade materials |
| Water temperature | 0~90°C hot heat water pump / cooler water pump |
| Voltage(up to customers) | DC12V / DC24V |
| Flow channel characteristic | one side in,one side out |
| Current (A) ±15% | 200mA |
| Power (W) ±15% | 5W |
| Flow (L/H) ±15% | 1L/h |
| Lift(m) | 2.5M |
| Suction caliber(mm) | 1.7mm |
| Output caliber(mm) | 2.2mm |
| Noise (dB) | ≤ 45dB |
| Dimension (mm) | 25*62 mm |
| Weight (g) | 70 g |
| Life (times) | > 20000 times |
| Package | one carton with 160 pcs, 420*360*210(mm),16kg/carton. Bubble bag for each pump, strong package for long-distance transport. |
